

Directions for *Beat the Clock* (1 or 2 Players)

Take out the Kings and Jokers before you begin of a regular deck of cards.

Keep in mind that Aces = 1; Jacks = 11; and Queens = 12

1. Shuffle the cards.
2. When you're ready, start the timer.
3. Turn over 2 cards on the table and read the equation aloud with the product. For example, you turn over a Jack and a 9. Say, "11 x 9 = 99"
4. Repeat step 3 until you've used the entire pack.
5. Stop the timer and record your time.
6. As you are playing, put aside the ones you get incorrect for review later.
7. Shuffle the cards and play a second round to try and beat your time.
